Profile

Product Design Leader with 20+ years of experience driving high-impact digital products, specialising in **conversion-driven experiences, complex user journeys, and scalable product systems**.
Currently leading design initiatives in fintech, focusing on **optimising payment and purchase flows to increase conversion, reduce friction, and improve user satisfaction across multiple markets**.
Strong track record of partnering with Product, Engineering, and Analytics to **translate business goals into measurable UX outcomes**, combining strategic vision with hands-on execution.
Particularly experienced in:

- **Checkout and purchase funnel optimisation**
- **Data-informed design and experimentation**
- **Simplifying complex systems into intuitive experiences**
- **Leading and mentoring cross-functional design teams**

Experience

PayRetailers – Senior Product Design Manager

2023 – Present

- Lead design for **end-to-end checkout and merchant platform experiences** across multiple LATAM markets
- Drive **conversion optimisation** initiatives, improving payment success rates and reducing drop-offs
- Partner closely with Product, Engineering, and Analytics to define **metrics, hypotheses, and validation frameworks**
- Translate complex payment logic into **clear, scalable, and user-friendly experiences**
- Shape the UX of internal **AI-powered tools**, improving decision-making and operational efficiency
- Mentor designers and contribute to design quality, consistency, and system thinking across products

Omitsis Consulting – Design Director (UX/UI & Digital Products)

2017 – 2023

- Led design strategy and delivery for digital products, including **e-commerce platforms**, across multiple clients
- Transformed complex business requirements into **clear and effective user experiences**
- Managed and mentored design teams, ensuring high standards of execution and delivery

Traphic – Co-Founder & Creative Director

2013 – 2023

- Led end-to-end design for digital products, including **web platforms and e-commerce experiences**
- Defined product direction with clients and **defended design decisions based on user and business needs**
- Owned projects end-to-end, driving execution and ensuring delivery
- Mentored designers and collaborated with developers and marketing teams

Boat Bureau – UX/UI Designer & Art Director

2012 -2015

- Designed the **end-to-end booking experience** for a boat rental marketplace
- Defined **listing pages, filtering systems, and detail pages**, improving discoverability and decision-making
- Optimised the **booking flow**, focusing on usability and conversion

La Salle BCN – Design Instructor (Digital Branding & Web Design)

2012 – 2014

- Taught digital design and UX principles, strengthening **communication, mentoring, and storytelling skills**
- Guided students in developing real-world design projects

Grupo ITnet – Art Director (Digital & Interactive Design)

2007 – 2012

- Designed high-traffic **entertainment portals**, focusing on **engagement and conversion**
- Led design initiatives to improve **user retention and interaction flows**
- Collaborated with product and development teams to deliver scalable digital experiences
